Where are we in 10 years ...

Our goal is to make ergonomics a recognizable part of doing business and to ensure that ergonomics is acknowledged as an essential part of the design process of products and production systems.

What are we aiming for?

The five points mentioned in the report
'Future of Ergonomics'

1. Globalisation

2. Cultural diversity

3. Aging

4. Information- and communication
technology (ICT)

5. Global market economy and competition

1. Globalisation

Western countries

2. Information- and communication technology (ICT)

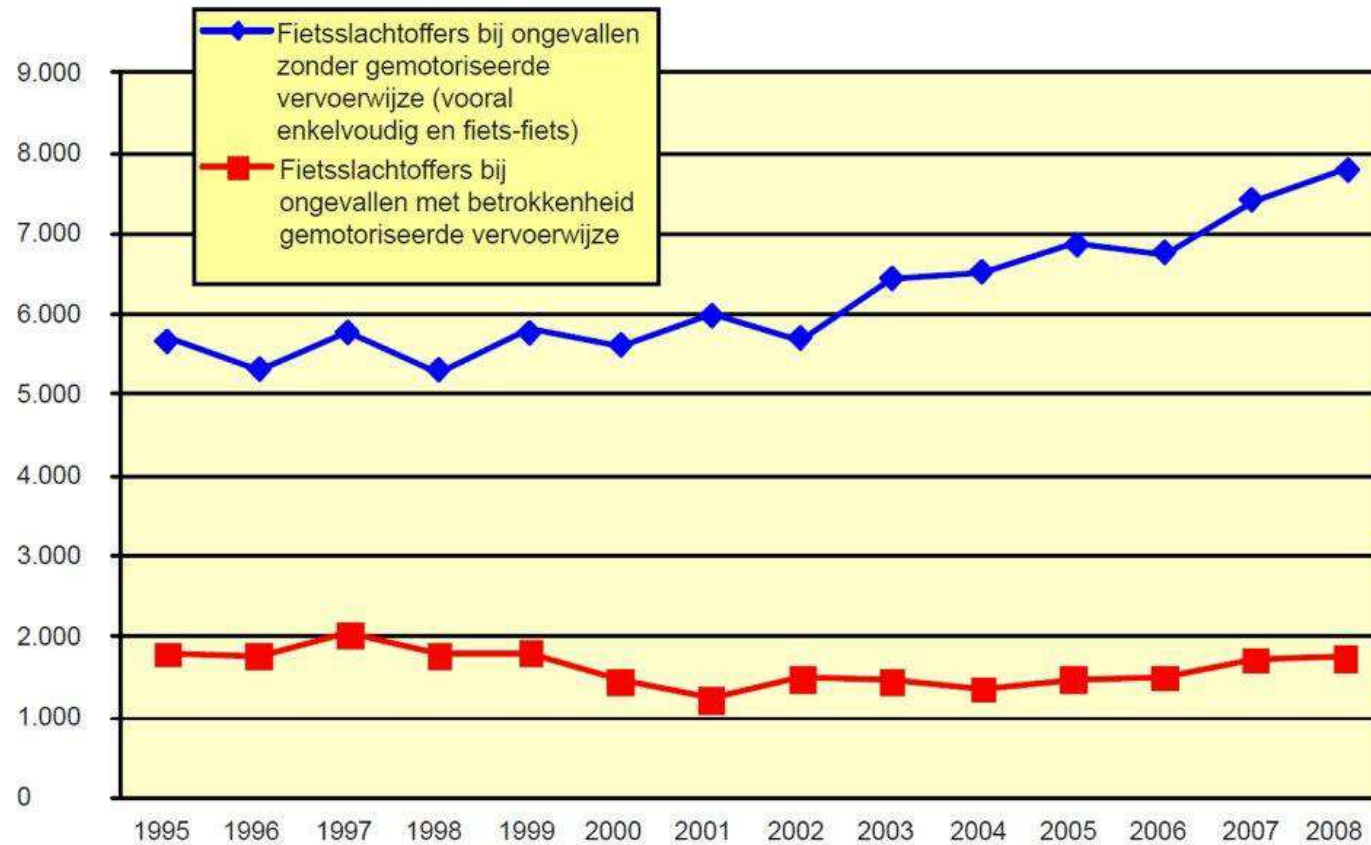

3. Cultural diversity

4. Aging

5. Global market economy and competition

What else are we planning

- Merge of two associations (NVvE and ReN)
- Professional marketing- and communications plan
- New branding, motto and so on
- New name which includes 'Human Factors'

We wish the GfA and FEES a
successful conference
