EU Brokerage Event on KET in Horizon 2020
Strasbourg 1st October 2015

NMP TeAm 3 project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 646112.

Do you have a fantastic research idea

- But do not know
 - whether it can be funded by H2020
 - whether it lies within an existing thematic/topic
 - the rules of participation
 - ...

Have you found the topic, but

- You are missing key partners in your consortium
- Do not understand certain elements of the procedure (administrative, proposal writing etc.)
- Want expert advice on IPR and other horizontal issues

DO YOU KNOW WHOM TO CALL?

- NCPs are
 - national structures
 - established and financed by governments of the 28 EU member states and the states associated to the framework programme.
 - ✓ and beyond

- NCPs give personalised support on the spot and in applicants' own languages.

- The main structure offering guidance, practical information & assistance in all matters H2020

- Provide information on how to fund your project through H2020
- Assist you through the labyrinth of H2020 documentation
 - Where to find information
 - How to use it
- Assist in the choice of the topic/call
- Liaise with the appropriate EC officer for topic clarifications
- Give directions in finding the right way to submit a proposal

- On administrative procedures and contractual issues
 - proposal preparation, contract negotiations, execution of your project.
- Interpret the meaning of EC concepts and how to reflect them in your proposal.
- Provide assistance and information on
 - funding schemes,
 - rules of participation,
 - model grant agreements,
 - Guide to Financial Issues,
 - IPR.

- An important pre-requisite for a promising funding application is a suitable consortium of project applicants.
- Usually, project consortia must have a minimum of three partners from three Member States or Associate countries.
- NCPs are the main channels you can use in the search for partners

NMP TeAm – The network of NMP NCPs

Partner Search - Partner Offer

Nanotechnologies, Advanced Materials, Biotechnology and Advanced Manufacturing and Processing in HORIZON 2020

The NMP TeAm Partner Search Facility has been established by the network on NMP NCPs in order to offer best support to its clients. This web service is strictly focused on the open calls for proposals of the key enabling technologies *Nanotechnologies, Advanced Materials, Biotechnology and Advanced Manufacturing and Processing of HORIZON 2020*, related actions like FET open, ERA-NETs like SIINN and M-ERA.NET and inducement prize (Horizon Prize on materials for clean air).

10/09/2015 The EU Commission published final drafts of parts of the Horizon 2020 Work Programme 2016/2017. Please be aware that the information is not binding. You can find the documents on the website: <https://ec.europa.eu/programmes/horizon2020/en/draft-work-programmes-2016-17>

For the NMBP activities the following Work Programme parts are relevant:

[05ii. LEIT-NMBP 2016-2017](#)
[17. CROSS CUTTING 2016-2017](#) (FOF, SPIRE and PILOTS topics)

The Partner Search Facility is open now on the base of this documents. The official launch of the Horizon 2020 Work Programme 2016/2017 is terminated to mid of October.

On this web-service we discern between

- Partner Offer - Researchers who offer their research expertise and who seek for collaboration in possible project consortia and
- Partner Search - Researchers or consortia with a definite idea for a project who are looking for further partners to complement the expertise scope of the consortium

In order to get information on the already published entries, please enter: [Search for partner entries](#)

In order to submit your own partner offer or partner search you first have to register.
